LOCAL INTELLIGENCE.

To OUR COUNTRY PATRONS .- Adopting the language of an exchange, we need hardly 'remind our country patrons that the money pressure is very great, and very oppressive, and how the people in towns and cities, who have to buy everything they consume, feel it most sensibly. No class, perhaps, realize the stringency to a greater extent than newspaper publishers that do a credit business-something which, by the way, they never ought to do. Their bills outstanding against parties are comparatively small, though, very numerous, and scattered over a wide extent of country, making it exceedingly difficult and expensive to collect them, while a large proportion are never paid. But, hard as the times are, the expenses of publication are not diminished, and they have to be paid regularly, in cash, or the work of publication must cease. We would therefore respectfully urge all who know themselves to be in debt to this establishment, and who feel any interest in the success of the SPIRIT OF JEFFERSON, to remit, at least, a portion of what they owe. If those who owe us have no money and will send pork, beef, flour, corn, potatoes or wood, we will receive these at market rates. We make this proposition in a spirit of accommodation, hoping that it will be responded to in like manner. Some of our 'rdead-beats," who will pay nothing, we must cut off, and that'speedily.

The editor of this paper has been brevented, by disability and consequent confinement in-doors for some days past, from making personal appeals to some of those indebted to this office, and therefore hopes that this modest request will not, as has been the case too often heretofore, be passed by unheeded.

Fire.-An alarm of fire was raised on Wednesday morning last, about 61 o'clock, which was occasioned by the burning of the frame wing of the stone house of Mr. Ben-Jamin Tomlinson, in the occupancy of Henry L. Brooke, Esq , corner of Liberty and Law-'rence streets. The fire department and citizens prohiptly repaired to the scene of the conflagration, and although unable to stay the destruction of the wing, prevented the main building from being destroyed. The origin of the fire is unknown. Loss about \$350covered by insurance. -

There was one thing demonstrated at this fire that should receive the immediate attention of our City Fathers, and that is the utter Ynsufficiency of the quantity of hose at present in our possession for the successful combating of a fire of any considerable extent. The fire department should be provided with from five hundred to one thousand feet of good hose, and that at once. We hope this matter will receive serious and prompt consideration.

PORK STEALERS IN LIMBO .- Two gentlemen of color, enjoying the respective cognomens of Barney Brooke and Reuben Tryman, were brought into town on Monday night of last week by Constable Langdon, under a commitment from Justice Rissler, of 'Osbora District, and lodged in the county .juil, to await a requisition from the Governor of Virginia. The specific act for which these 'negroes (who reside in this county) were arrested, is that of stealing a porker from a brother citizen of Africau descent in Clarke county, Va., by the ham's of Scott Robinson. the remains of which animal, by the aid of 'a search warrant, were found on the premises of the criminals. The hog had been killed in the pen of the owner, taken some distance thence, and then skinned. A lot of fowls. which had been stolen from neighbors in the vicinity, were also found at the abode of these

LARGE Hogs .- A number of large hogs were killed in Charlestown last week, although the number and excessive weight of large hogs in this vicinity does not seem to be as great this year as usual. Among those killed we learn of the following: Two belonging to Mr. H. O. Talbott, weighing 454 and 443 Ibs.; Capt. John J. Lock, two weighing 370 and 315; Mr. F. W. Souders, two weighing \$27 and 2401; Mr. Mason Hough, one weighing 361; Mr. Geo. W. Kellinson, four weigh. ing 329, 319, 317 and 280; and Dr. J. Johnson, four averaging 250 lbs, each.

FAIR AND FESTIVAL .- Out readers should bear in mind the Fair and Festival advertised to be held at the new Church near Renner's Mill, commencing to-day. The cause for which it is held-to procure funds for the completion of the Church-is a most laudable one, and we trust that the ladies having the affair in charge will be well patronized during the progress of the entertainment.

ACCIDENT .- Mr. W. P. C. Wooddy, formerly of this place but now of Piedmont, and a brakesman on the B. & O. R. R., had his right hand slightly mashed on Sunday week, at Grafton, West Va., by the tender upon which he was standing coming in contact with a car upon another track. The injury, though painful for a time, is not serious.

COUNTY COURT .- The December term of the Jefferson County Court will convene in this place on Monday, the 15th instant. The net just passed by the Legislature fixes the terms hereafter on the 3d Monday of January, March, May, July, September and November.

CERTIFICATE OF INCORPOBATION. - A certificate of incorporation has been issued by the Secretary of State to the Citizens' Building Association of Martinsburg. The incorporators are E. S. Truxell and ten others, with a limited capital of \$150,000.

SIDEWALK .- In lieu of a brick pavement in front of the jail this winter, no provision having as yet been made for it, a plank walk has been laid down there, which will add much to the comfort of pedestrians in

PREACHING .- The Rev. T. B. Shepherd will preach in the Baptist Church, in this place, on Sabbath evening next, at 7 o'clock.

CHARLESTOWN LYCEUM.—The first public meeting of the Charlestown Lyceum took place on last Saturday night, in the brick school-house on Samuel street. President Henry B. Davenport being absent, Vice President Wm. H. Kable presided. The question for discussion was "Does the material prosperity of a nation tend to destroy its literary taste." Mr. B. C. Washington, who had been appointed to maintain the affirmative, was excused from the debate by the Vice President, presiding, and the Rev. Wm. H. Meade, who had been appointed on the same side of the question with Mr. Washington, was necessarily absent. The Chair, therefore, appointed Mesers. Wilson and Trundle to maintain the affirmative in the places of Messrs. Meade and Washington. The debate was then conducted by Messrs. Trundle and Wilson in the affirmative, and Messrs. Travers and Beckwith in the negative. Upon the conclusion of the discussion Mr. Wilson, as Chairman of the Committee upon questions, reported this question for the next debate, "Has the influence of the Puritan been more beneficial than that of the Cavalier to Modern England." The question was adopted by the society, and Dr. J. V. Simmons and Mr. J. M. Mason were appointed to maintain the affirmative, and Messrs. Baylor and Brooke the negative. The Society thereupon adjourned to meet 'again on 'next Saturday night, at 7

GO FROM HOME FOR NEWS .- The Hagers. town News contains the following "Repartee" between Judge Allen and Deputy Sheriff-Osborn, of this County:

A few days ago, Judge Allen, who was holding a session of Court at Charlestown. found reason to censure severely Sheriff Osbourn. The Sheriff took the censure calmly and politely. After a while the Judge ordered him to adjourn Court until the following morning at nine o'clock. Next morning exactly at nine, the sheriff, without any order from the Judge, caused the bell to be rung at the appointed hour. The Judge rushed in the Court House, and demanded excitedly the name of the party who rung the bell .-The Sheriff confessed that he had according to the Judge's orders, who ordered him the day previous to adjourn Court until the following morning at nine o'clock, and, continued he, "I see, Judge, that you are not in your seat." The Judge had nothing more to say, but took his seat with his usual dignity. The Sheriff was avenged.

PERSONAL - We had the pleasure of greeting in our sanctum last week, Robert T. Brown, Esq. clerk of the Circuit Court of Jefferson. Mr. B. held the position for many years before the war, but after West Virginia became a "power unto itself," he like all other good and true men, born of the soil. were prescribed, that the truly loyal jack-anapians might "hove and throve." Mr. B., was re-elected to his old position at the adoption of the New Constitution, and although like ourselves on the down hill side of life. he looks as if he can serve tho good people of Jefferson for many years to come. The Jefferson people were sensible in electing to o fice, their own people. Up with us we have a good deal of ignorant laudation of the "great yankee nation." - Mar. Statesman.

Collision.-A rear collision occurred on the Baltimore & Ohio railroad about three miles west of this city, on last Thursday morning. It was caused by a section of the forward train breaking 'oose. Engine 225, Mr. Peter Souders engineer, following, ran into the detached portion, smashing up three or four cars, and throwing the engine off the track a complete wreck. The men in charge of the train saved ahemselves by jumping. Mr. S. was considerably bruised by his fall. No blame can attach to the employees as the accident was unavoidable.

[Martinsburg Statesman. RELIGIOUS .- A protracted meeting was commenced in the M. E. Church South, in this place, on Sabbath last-preaching by the Rev. A. A. P. Neel of Shepherdstown .-Services will continue throughout the week. The Rev. A. C. Hopkins, of the Charlestown Presbyterian Church, is holding a series of meetings at ilalltown.

The pulpit of the Baptist Church, in this place, was filled by the Rev. Mr. Rodgers on

CLOSE OF THE LITTLE TRIAL.—The trial of Oscar P. Little, which commenced in Winchester on Tuesday the 18th day of November, reached its conclusion about ten o'clock on Saturday night, the 29th ult, the jury, after a retirement of less than an hour, bringing in a verdict of murder in the second degree and fixing the prisoner's term of confinement in the Penitentiary at seven years.

Re Wheat is bringing but \$1.55 per bushel, but the millers still hold to \$9 per barrel for flour. We think this is a matter that needs attention, both from the Grangers and the public .- Martinsburg Statesman.

About the same disparity of prices exists in this county, and we think there should be some remedy for the evil.

PERUVIAN SYRUP .- This valuable medis cine has been silently making its way into public favor by the numerous remarkable cures it has performed. Its singular efficacy is owing to the protoxide of iron which in this preparation remains unchanged, and is the only form in which this vital element of healthy blood can be supplied.

COUNTY ITEMS .- From the Shepherdstown Register of Saturday we clip the following

- Pork sold in this town on Wednesday at \$6.50 per hundred. - Samuel Agge, the colored boy who attempted to murder Mrs. Kelly in Washington, by shooting, some days ago, was arrested at Harper's on Tuesday and taken back to that

city, by Detective Coomes. The Lutheran Conference.-The Virginia Lutheran Conferance which was in session in this place for several days, closed on Saturday

Brooks vs. Lucas .- In the case of Robert A. Lucas, Executor, vs. P. C. Brooks, in the Supreme Court of the United States, at Washington, the judgment of the District Court for the District of West Wirginia, in favor of Mr. P. C. Brooks, was confirmed .-The property involved is an excellent farm lying about 3 miles South of this town, on the road leading to Duffields, and upon which Dr. R. A. Lucas has resided for a number of

Playing the Mischief.—We understand that on Tuesday night of last week, some wholesale destruction was committed in the churches at Unionville by some person or persons. In the Lutheran Church the Bible amp chimneys, curtain, &c., were carried away and destroyed. In the M. E. Church. lamps and windows were broken and carried away, and lamp chimneys from the school house. The parties then proceeded to Capt. Joseph Hess' clearing, and carried from the cabin there a lot of bed clothing and chickens. We hope the parties will be ferretted out and dealt with to the extreme penalty of the law.

Centaur Liniment.

There is no pain which the Centaur Liniment will not relieve, no swelling it will not subdue, and no lameness which it will not cure .-This is strong language, but it is

true. It has produced more cures of KENATORE rheumatism, neuralgia, lock jaw, palsy, sprains, swellings, caked breasts, scalds, burns, salt-rheum, car-ache, &c., upon the human frame, and of strains, spavin, galle, &c., upon animals in one year than have all other pretended remedica since the world began. It is a counter irritant, an all-healing pain reliever. Cripples throw away their crutches, the lame walk, poisonous bites are rendered harmless and the wounded are healed without a scar. It is no humbug. The recipe is pu blished around each bottle. It is selling as no article over before sold, and it selfs because it does just what it pretends to do. Those who now suffer from rheumatism, pain or swelling deserve to suffer if they will not use Centaur Lin ment. More than 1000 certificates of remarkable cures, including frozen limbs, chroniz-rheumatism, gout, running tumors, &c., have been received. We will send a circular containing certificates, the recipe, &c gratis, to any one requesting it. One bottle of the yellow wrapper Centaur Liniment is worth one hundred dollars for spavined or sweenied horses and mules, or for screw-worm in sheep. Stockowners-this finiment is worth your attention. No family should be without Centaur Liniment. Sold by all Druggists. 50 cents per bottle; large bottles, \$1.00. J. B. Rose & Co., 53 Broadway, Now

of Chronic and Acute Ricembatism, Neuragia, Lumbago, Sciatica, Kidney, and Nervous Diseases, after years of suffering, by taking Dr. Filler's Vogetable Rheumatic Sprup—the scientific discovery of J. P. Fitler, M. D., a regular graduate physician, with whom we are personally acquainted, who has for 29 years treated these diseases exclusively with astonishing results. We believe it our christian duty, after deliberation, to conscientiously request sufferers to use it, especially persons in moderate circumstances who cannot afford to waste money and time on werthless mixtures. As clergymen we seriously feel the deep responsibility resting on us in publicly endorsing this medicine. But our knowledge and experience of its remarkable merit fully justifies our action. Rev. C. H. Ewing, Media, Penn'a, suffered sixteen years, became hopeless. Rev. Thomas Murphy, D. D., Frankford, Philad'a. Rev. J. B. Davis, Hightstown, New Jersey, Rev. J. S. Buchanan, Clarence, Jowa. Rev. One thousand dollars will be presented to any medicine for same diseases showing equal merit under test, or that can produce one-fourth as many living cures. Any person sending by letter description of affliction will receive gratis a legally signed guarantee, naming the number of bottles to cure, agreeing to refund money upon sworn statement of its failure to cure.
